Possible questions in an interview

Looking for a work experience is an important exercise for real life: **Applying for a training place.**

On this sheet you will find a few typical questions which can be asked in firms. Be prepared! Answer these questions for yourself. Once you are confronted with a foreman or boss of a firm, you already know what is in store for you.

Write your answers into the boxes.

Tell us something about yourself. What do you do in your free time? What are you interested in?

What are you doing at the moment (school etc.)?

How did you find out about this firm?

What do you know about the job?

Which advantages or disadvantages do you see in this job?

Which work would you like to do during your work experience?
